DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 12 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Peter (USPN 4,703,668).

Peter discloses a first half assembly (15) having a first rotation axis; a second half assembly (42) having a second rotation axis substantially parallel to the first axis the second half assembly meeting the first half assembly on a inclined plane which is inclined with respect to a perpendicular plane perpendicular to the first and second rotation axis, wherein combined rotation of the first half assembly around the first rotation axis and the second half assembly around the second rotation axis defines either a rotation, in opposite directions, of a first bay connected with the first half assembly in a location distal to the inclined plane and a second bay connected with the second half assembly in a location distal to the inclined plane, or bending in a plane of the first and second bay;

the inclined plane has an inclination angle of 45 degrees.

Allowable Subject Matter

3. Claims 1-11, and 14-18 are allowed.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
